Second International Conference on
INformation Systems Design and Intelligent Applications - 2015 (INDIA-2015)
Sponsored by Advances in Intelligent and Soft Computing (AISC), Springer and indexed by ISI Proceedings, EI-Compendex, DBLP, SCOPUS, Google Scholar and Springerlink (http://www.springer.com/series/11156), Technically Sponsored by IEE Kolkata Section
Faculty of Engineering, Technology & Management
University of Kalyani

Date: January 8-9, 2015 :: Venue: University of Kalyani

The University of Kalyani was established in 1960 with a campus area of over 400 acres in Kalyani town. It is well connected by road and railway, with a railway station very close to the University. The University is situated in a locality surrounded by a rural setting within a rural backdrop and it caters mostly to the students of rural and backward areas. Yet, its distance from Kolkata is only 50 km. This locational advantage of the University makes it particularly suitable for the ‘Cafeteria Approach’ to higher education.

Faculty of Engineering, Technology & Management

TheFaculty of Engineering, Technology and Management is the newest Faculty of the university among all faculties. This faculty consists of five departments, namely Business Administration (BA), Computer Science & Engineering (CSE), Engineering and Technological Studies (ETS), Environmental Management (EM) and Rural Development and Management (RDM). The departments offer different under-graduate, post-graduate and doctoral courses in the areas of engineering, technology and management.

Call for Papers

The second International Conference on Information Systems Design and Intelligent Applications – 2015 (INDIA-2015) is going to be organized by the Faculty of Engineering, Technology and Management, University of Kalyani, Nadia, West Bengal. The conference will focus on topics

Topics of the Conference (not limited to):

- Natural Language Processing,
- Cyber Forensics,
- Bio-informatics,
- Software Engineering,
- Geo-informatics,
- Algorithm,
- Graphics and Image processing, Graph labelling
- Web Security, Privacy and E-Commerce,
- Computational Geometry,
- Service Orient Architecture,
- Data Engineering,
- Core Computing & Geometric Computing,
- VLSI,
- Smart wireless and sensor Networks,
- Smart Antennas, Networking and Information security,
- Machine Learning,
- Soft computing,
- Intelligent Communication Technology,
- Artificial Intelligence,
- Industrial Automation and MES,
- Mobile Computing and Applications,
- Cloud Computing,
- Green IT, IT for Rural Engineering,
- Business Computing, Business Intelligence,
- Business Intelligence and Performance Management,
- ICT for Education,
- Artificial Intelligence and, IT for Inclusive Growth,
- UID and Transparency,
- Process reengineering,
- Intelligent Agent based computing,
- Molecular Computing,
- Nano Computing,
- Intelligent Computing for GIS & Remote Sensing,
- Intelligent Computing in Sensor & Ad hoc Networks,
- Intelligent Bio Computing,
- Microelectronics, Circuits & Systems

The proceedings will be published with Advances in Intelligent and Soft Computing (AISC) – Springer and indexed by ISI Proceedings, EI-Compendex, DBLP, SCOPUS, Google Scholar and Springerlink (http://www.springer.com/series/11156)
