What is CBCS System?

1. A Choice Based Credit System (CBCS) offers a flexible system of learning. The system permits students to learn according at their own pace, choose electives from a wide range of courses & adopt an interdisciplinary approach in learning.
2. The M.A. degree will be awarded to students who complete a total of 64 credits in a minimum of two years for completing on an average 16 credits per semester.
3. A course of 4 Credits is like a full paper of 100 marks.
4. A student may offer courses equivalent 25% credits during each semester from any other department than the one where she/he is registered. In case a student wishes to take all courses from the parent department she/he can also do so.
5. The Departmental Council will decide eligibility norms for students from other departments offering courses at the department.
6. Regular students can offer extra courses from their own department or from other departments. In such cases, students shall specify the Extra Credits and this will be so noted on their Grade sheets. However, the grades of the Extra credits shall NOT be counted for arriving at Grade Point Average (GPA)
7. Courses of Programme will be two kinds: Core and Elective. For Example-

**Scheme of Examination & Evaluation**

1. Bengali & English shall be the medium of instruction and examination.

2. Examinations shall be conducted in the courses taught in each semester at the end of that semester as per the Academic Calendar notified by the University of Kalyani.

3. Each course will carry 100 marks and 4 (four) credits.

4. No candidate will be deemed to have pursued a regular course of study in the M.A. course in Philosophy, unless she/he has attended 75% of lectures delivered in the semester and has submitted total written assignments in that semester.

5. The scheme and mode of evaluation applicable to non-Philosophy students taking courses in the Department will be the same as that applicable to the regular students of the Department.

6. The M.A. Examination in Philosophy will have two components:
   i) **Continuous and Comprehensive Assessment & Earning of Credits:**
      Continuous and Comprehensive assessment would be an integral part of CBCS. A continuous assessment system in semester system will be spread through the duration of course and will be done by the teacher teaching the course. The assessment will be done through various including:
      - Written test (MCQ may be)
      - Project
      - Seminar
   
   ii) Continuous Internal Assessment will carry maximum of 40 marks [20 marks for written test, 20 marks for Project & 20 marks for seminar presentation. Best two of the three will be considered] in each course.

   iii) The component (C₁), of assessment will be for 20 marks for each course. During the first half of the semester, the first 50% of the syllabus will be completed. This shall be consolidated during 8th week of the semester.

   iv) The second component (C₂), assessment will be 20 marks for each course. The continuous assessment and scores of second half of the semester will be consolidated during the 16th week of the semester.
v) During 18th – 20th week of the semester, a semester-end examination shall be conducted for each course. The third/final component of assessment (C₃) and the maximum marks for the final component will be 60 marks for each. Thus the weightage of the end of semester evaluation shall be 60 in each course.

vi) In case of a course with only practical component a practical examination will be conducted with both internal and external examination, if external examiner does not turn up then both the examiners will be internal examiners. The duration for semester-end practical examination shall be decided by the departmental council.

vii) In case a candidate secures less than 40% in C₁ and C₂ put together in a course, the candidate is said to have DROPPED that course, and such a candidate is not allowed to appear for C₃.
